IMPROVE THE SECURITY AND LOOK OF YOUR POOL WITH QUALITY RESIN POOL FENCING

Vinyl Works Canada has manufactured resin pool fence kit systems for over 20 years. We continue to improve the aesthetics, design, strength, ease of installation and complimenting products for our customers. For the coming season we are introducing an injection molded mounting bracket that is adjustable (telescoping) and extremely strong. A new decorative post cap will be included with all heights & colors of fencing. As well, we are introducing a line of solar light accessories for our fence kit systems. Enhance the pool environment and your backyard with these attractive new solar lights. The packaging for our fence kits will change for this season - see the chart below for a quick reference guide to what you require for your pool. Don't forget - our pool fencing can be used with our ladders, steps and deck systems. Enhance the look of your back yard and pool with our complimenting products; designed to work together to make your pool safer - *demand the best - Quality by Design!*
